

Tenney School Live! Guidelines

Student Responsibilities:

Check your schedule! Be aware of when each of your classes meets and be available.

Write your assignments in your planner - make sure they are completed on time.

Have a question? Message your teacher!

Class Expectations:

Students are expected to be prepared and present for class.

Dress appropriately according to Student Handbook.

Students should have a proper workstation free of distractions.

Headphones are allowed to reduce background noise.

Be respectful to teachers and classmates - any rude or disrespectful behavior will have consequences.

Plagiarism will not be tolerated - students must submit work that is their own.

Reminders about Microsoft Teams:

You can video chat with more than four students at a time even though only four windows will show at once.

Make sure your camera and mic are turned on.

Only the teacher is permitted to remove, pin, or mute students. Teachers may mute students during chat for sound clarity.
